

'Speed Awareness Training' Practical Training Course

INTRODUCTION

VENUE:	UK based
NO. OF TRAINEES:	1
TRAINING DETAILS:	Speed Awareness Training
EVENT DURATION:	Half Day 09:00 – 12:30 or 13:00 – 16:30

DETAIL

The course proposed is a half day in duration and begins with a briefing and objective setting session; this also provides the opportunity for delegates to offer any specific concerns relating to their general driving or any of the course content.

Setting the scene for any training course is of paramount importance and this particular briefing will cover the reasons for the course which, in our experience, is normally as a result several 'speeding offences.'

As with all Automotional practical training courses, this course includes a pre course Automotional Driver Profile (on-line ADP) and post training, a full course report will be e-mailed directly to the participant and course administrator as required.

This ensures that full H&S Duty of Care responsibilities are covered.

PRACTICAL TRAINING

ON ROAD

Following the briefing the course will commence with an eyesight and vehicle check. Our trainer will then take to the wheel to demonstrate many of the aspects covered in the briefing and to further set the scene. Following this the trainee will then drive for the remainder of the session, taking breaks where required, covering the below;

- Understanding speed limits
- Knowing what the limit is on any road
- How to manage concentration
- Matching speed to risk
- Tips and hints for staying within the limit
- The consequences of inappropriate speed

As well as more general Automotional advanced driving techniques and awareness raising.

COST

The cost of providing this training for 1 delegate, half day is £150.00 + Vat. The driver/Company should provide a suitably insured vehicle for the On-Road training.

SUMMARY

Automotional Ltd is delighted to submit this proposal for your consideration and would be happy to discuss any element of it.

All the staff used by Automotional Ltd are hand-selected on the basis of their suitability & experience for such work from an 'elite' group of qualified instructors.
