INTRODUCTION

VENUE:	Any suitable UK location
NO. OF TRAINEES:	1:1 – 2 drivers AM and / or 2 drivers PM 1.5hrs per Driver Assessment
TRAINING DETAILS:	On Road Driver Assessment
EVENT DURATION:	Half Day 09:00 – 12:30 or 13:00 – 16:30 (Flexible hours can be requested on booking form)

DETAIL

The course proposed is a half day in duration, 1.5hrs per driver assessment and begins with a briefing and objective setting session; this also provides the opportunity for delegates to offer any specific concerns relating to their general driving or any of the course content.

Setting the scene for any training course is of paramount importance and this particular briefing will cover the reasons for the course which may include the trainee's driving performance or may be as part of a company's H&S policy.

As with all our practical training courses, this course includes a pre course Automotional Driver Profiler (on-line ADP) and post training, a full course report will be e-mailed directly to the participant and course administrator as required.

This ensures that full H&S Duty of Care responsibilities are covered.

PRACTICAL TRAINING

ON ROAD

Following the briefing the course will commence with an eyesight and vehicle check. Following this the trainee will then drive for the remainder of the session, taking breaks where required, covering the below;

- Assessing the driver's expertise in managing the high-risk environment of urban driving and reducing the likelihood of being involved in a preventable driving incident.
- The assessment session will develop the perceptual skills outlined in the presentation and to provide ample opportunities to explore the principles of keeping space, identifying risk and keeping visible and communicating with other road users.

WHO IS THIS FOR?

Any new driver or a driver who is using an unfamiliar vehicle, example a driver moving up from a car to a van (LCV) and requires assessment in the vehicle.

OUTCOME

A full and detailed report will be produced post assessment for the driver & Manager, this will indicate the professional trainer's independent assessment of the driving skills level of the trainee.
